TOMORROW

Watch three numbers. Next to revenue.

White Friday revenue is a loud number. These three tell you whether it was any good.

CONVERSION

01

The fifty you are pushing.

Site-wide conversion hides a hero product that is leaking. Read the pages you are spending on.

STOCK

02

Out of stock by noon.

An ad for a product you no longer have is a tax. Check the fifty at midday, not on Monday.

THE DROP

03

Added to cart. Never ordered.

That gap is the page, the delivery promise, or the price at checkout. It is visible on the day.
