01 · CONVERSION

The fifty you are pushing.

Site-wide conversion hides a hero product that is leaking. Read the pages you are spending on.

02 · STOCK

Out of stock by noon.

An ad for a product you no longer have is a tax. Check the fifty at midday, not on Monday.

03 · THE DROP

Added to cart. Never ordered.

That gap is the page, the delivery promise, or the price at checkout. It is visible on the day.

36 carts never became orders.
